

watchTV everywhere

at Home, on Mobile Devices
and Everywhere you Go!

What is watch TV everywhere?

Watch TV everywhere allows you to watch TV on supported devices anywhere you have an internet connection! As a Foothills Communications TV subscriber, the **FREE** watch TV everywhere service gives you access to TV shows, movies, behind-the-scenes content and more at no additional charge.

The networks that you'll be able to watch correspond with your TV subscription.

*Not all networks have content available through the watch TV everywhere app.

How to sign up and register for the **free** Watch TV Everywhere service:

1. Visit the WTVE website, <https://www.wtve.net>
2. Select "Foothills Communications" as your TV provider from the dropdown box.
3. Click on "Register"
4. Fill out the Registration form using your Foothills account number and name as it appears on your bill.
(If you've used the watch TV everywhere service before from a different TV provider you'll need to use a different Email address to register under your Foothills TV subscription.)
5. Once you've submitted the completed registration form, you'll be taken to the "Confirm Your Email Address" page, where you'll need to click on the "Create Account" tab.
6. You'll then receive an email from WTVE with an activation link that you'll need to click on to finish the registration process.
7. Once you've clicked on the activation link in the email, you'll be sent to the WTVE website where you can log in using the email and password you used to register.

*You can also visit your desired networks website and log in using the same credentials, just pick Foothills Communications as your TV provider.
