KENTUCKY RELAY

Important Information Regarding Kentucky Relay

What is Kentucky Relay?
Kentucky Relay is a public service that guarantees all citizens access to prompt, professional and precise communication through a telephone. Consumers of these specialized services, specifically individuals who are deaf, DeafBlind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish-to-Spanish and Captioned Telephone. This helps ensure the ability to connect with family, friends or businesses with ease.

How does the Kentucky Relay work?
Simply dial 711 to connect with Kentucky Relay. A qualified Communication Assistant (CA) will ask for the area code and the number of the person you wish to call and begin the relay call. Generally, the CA will voice the typed message from the text telephone (TTY) user to you. The CA then relays your voiced message response by typing it to the TTY user.

Specialized Services:
Kentucky Relay offers specialized services for individuals who have difficulty speaking and for Spanish-speaking residents. Specially trained CAs are on hand to assist in these types of calls by dialing the number provided. Since Kentucky Relay offers a variety of services please refer to the website listed, or contact Kentucky Relay Customer Care for more detailed instruction on how a particular call is processed.

Captioned Telephone:
Captioned Telephone is ideal and available for individuals with hearing loss that can speak for themselves. A captioned telephone works like any other telephone with one essential difference: it allows users to listen to their phone conversations while reading captions of what's being said to them.

Access to Services:
711 provides toll-free relay calling. If you are experiencing trouble dialing 711 while trying to reach Kentucky Relay, please contact Kentucky Relay Customer Care.

All TRS and English Captioned Telephone services are available 24 hours a day, seven days a week. Spanish Captioned Telephone is available daily from 8:00 a.m. to 12:00 a.m. EST or 7:00 a.m. to 11:00 p.m. CST. Consumers may place relay calls to English-speaking and Spanish-speaking people within Kentucky, across the United States, and even internationally. By law, each conversation is handled with strict confidentiality.

Special points of interest:

Equipment Distribution Program
The Kentucky Commission on the Deaf and Hard of Hearing's (KCDHH) Telecommunications Access Program (TAP) provides residents of Kentucky who are deaf, hard of hearing, have difficulty speaking or have both a hearing and vision loss, with landline or wireless equipment to make communication on the telephone more accessible. For more information, visit www.kcdhh.ky.gov/oea/howapply.html or call 800-372-2907 (Voice) or 502-416-0607 (VP).

Emergency Calls
Please note that 711 can only be used to reach Kentucky Relay. In an EMERGENCY you should continue to use 911. For emergencies, call 911 or your local emergency service TTY number directly and not relay. The Americans with Disabilities Act (ADA) requires that 911 centers have a TTY and be prepared to handle emergency calls placed in this manner. Kentucky Relay will make every effort to assist you in an emergency. However, it is important to understand that relay centers are **not** 911 centers and do not assume responsibility for emergency calls.

GUIDE FOR LOW INCOME CONSUMERS

WHAT IS THE LIFELINE PROGRAM?

The Lifeline program was designed to preserve and promote telephone services to qualified low-income households. The program provides a monthly credit for local service.

ARE THERE ANY RESTRICTIONS?

Yes, an individual is allowed to enroll only once during a twelve month period at the same address. (This restriction does not apply when you are moving from one location to another within twelve months.) Only one Lifeline discount is available per household. Not available in all areas.

WHO IS ELIGIBLE?

You are eligible to enroll in the Lifeline program if you participate in one of the following:

- Federal Public Housing Assistance
- Medicaid
- SNAP (formerly Food Stamps)
- Supplemental Security Income (SSI)
- Income for household is at, or below, 135% of the Federal Poverty Level
- Veteran's Pension and Survivor Benefit

WHAT BENEFITS DO ENROLLMENT IN LIFELINE PROVIDE?

Enrollment in Lifeline provides the following benefits:

- Waiver of the Federal subscriber line charge
- Reduction in monthly residence line charge
- Waiver of deposit for local service
- Free toll blocking service

NEED HELP WITH ENROLLING OR HAVE QUESTIONS CONCERNING THE LIFELINE PROGRAM?

Please visit www.checklifeline.org or call 1-800-234-9473 or more information and to see if you qualify.

YOUR ACCOUNT ONLINE

GO GREEN - SAVE GREEN!

Foothills is taking a step toward the Go Green Initiative. We are offering all customers who use ***both*** our Paperless Bill and Auto Bill Pay services a $1.00 discount each month off their bill.

Utilizing Paperless Bill service along with Auto Bill Pay service means no more waiting for your bill to come in the mail or wasting time and money to write out and mail a check.

To utilize our Paperless Bill service, you must have an online account, which we call E-Account. E-Account gives you access to your account 24 hours a day, 7 days a week. You can view your bills online, view your payment history, view long distance calls that are billed on your Foothills' statement, and even order calling features and premium channels.

To set up your new E-Account, visit our website at www.foothills.net. Click the "**My Account**" button. Then, click "**New User Registration**" and follow the set up instructions. Be sure to have your most recent statement available when registering your new E-Account. Once you've set up your E-Account, be sure to change your payment method to "Bank Deduction" and select the option to receive your bill online. These two things will assure you receive your Go Green discount each month. It's that quick. It's that easy.

Now, what are you waiting for...

HOW TO STOP UNWANTED TELEMARKETING CALLS

WHAT IS THE KENTUCKY NO CALL LIST?

It is a list of residential and wireless telephone numbers of Kentuckians who want to reduce the number of unwanted telemarketing calls they receive.

IS THERE A NATIONAL DO-NOT-CALL REGISTRY?

Yes. The national registry has always been maintained by the Federal Trade Commission (FTC). In 2007, Kentucky's General Assembly mandated that the numbers previously placed on Kentucky's No Call List would be transferred to and maintained by the FTC.

If your number was placed on the Kentucky No Call List prior to June 2007, it has now been automatically transferred and placed on the National Do Not Call Registry. After June 2007, any Kentuckian who needs to do a new registration of their telephone number can simply contact the FTC. Any telemarketer who calls a registrant whose telephone number is on the list can be prosecuted by the Kentucky Attorney General's Office and fined up to $5000 per violation, unless the telemarketer falls within one of the exceptions in the law.

WILL I GET ANY TELEMARKETING CALLS IF I'M ON THE NO CALL LIST?

The law allows certain telemarketers to continue to call consumers on the No Call List. The exceptions include calls from:

- Telemarketers who have a prior or existing business relationship with you.
- Telemarketers who have received an express request from you to call.
- Telemarketers with whom you have an existing debt or contract.
- Telemarketers soliciting only donations for charities.

HOW DO I SIGN UP FOR THE NO CALL LIST?

You may contact the FTC through its website, www.donotcall.gov, or by calling 1-888-382-1222 (TTY 1-866-290-4236).

DO I HAVE TO SIGN UP ON THE NO CALL LIST MORE THAN ONCE?

No. Unless your telephone number changes, you will remain on the list.

WHAT IS DONE WITH THE INFORMATION I PROVIDE FOR THE LIST?

The information provided is kept confidential and used only to compile the list. The only information on the list is your home or wireless telephone number. Only your telephone number will be provided to telemarketers to prevent them from calling you. It is a crime for anyone to use your information for any reason other than preventing unwanted telemarketing calls.

HOW LONG AFTER I SIGN UP DO TELEMARKETERS HAVE TO STOP CALLING ME?

Telemarketers have 31 days from the date that you register your number to stop calling you.

LONG DISTANCE DIALING

Your Area Code Is 606

OPERATOR ASSISTED CALLING

You have access to Operator assistance for all local and long distance calls placed within the Winchester LATA.

To reach an operator	dial "0" (Zero)
To reach your long distance company's operator	dial "00"

Not all long distance companies will choose to offer operator services. Contact your long distance company for more information.

HOW TO USE "1" PLUS DIALING

You can dial station-to-station calls and the number called from will be billed.

To call within your area code	dial "1" then area code 606 then the number
To call outside your area code	dial "1" then the distant area code and telephone number

(If the operator asks for **your number**, give the one **from which you are calling**.)

HOW TO USE "0" PLUS DIALING

You can dial person-to-person, collect and calling card calls as follows.

To call within your area code	dial "0" (Zero) plus local area code & directory number
To call outside your area code	dial "0" (Zero) plus distant area code plus directory number
When the operator answers	give the following information necessary to complete your call

FOR EXAMPLE:

Person-to-Person call	give the name of the person you are calling
Collect Call	say "Collect Call", then give your name
Calling Card Call	say "Calling Card Call", then give your calling card number

(If the operator asks for **your number**, give the one **from which you are calling**.)

If you want operator assistance, dial "0", wait a few seconds for the operator to answer. You may not hear any ring before the operator answers.

TYPES OF LONG DISTANCE CALLS

STATION-TO-STATION

Direct Distance Dialed (DDD) "1" Plus calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

PERSON-TO-PERSON (DIAL OPERATOR)

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call. See Zero Plus Dialing Instructions above.

COLLECT (DIAL OPERATOR)

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, see Zero Plus Dialing Instructions on Page 9.

CONFERENCE (DIAL OPERATOR)

You can talk with several people in different places at the same time. Dial Operator and tell them you wish to make a conference call.

MOBILE, MARINE AND OVERSEAS SERVICE (DIAL OPERATOR)

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. On overseas calls, dial Operator and ask for the Overseas Operator and give the name of the country you're calling.

INWARD WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS dial "1" plus Area Code 800 plus 555-1212.

TIME AND CHARGES

Customers when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the costs associated with the call.

BILL TO THE THIRD NUMBER

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person. The Operator may call billing number to verify that they are willing to pay for the call.

CALLING CARD

A telephone calling card is a convenient way of making Long Distance Calls when away from home. All calls placed using your calling card will be charged to your home or business telephone number. To apply for a calling card, call your Long Distance carrier.

COIN CALLS

From coin telephones, see the instruction card on or near the telephone, or dial "OPERATOR".

HOW TO USE OUR SPECIAL FEATURES

Visit our website at www.foothills.net

ANONYMOUS CALL REJECTION VARIABLE (ACRV)

Anonymous Call Rejection Variable is a terminating CLASS feature which allows subscribers to reject calls from parties who have prevented the delivery of their calling number to the called party through dialing the Calling Number Delivery Blocking Code.

This feature can be activated or deactivated at anytime by the subscriber by dialing an activation code or a deactivation code.

When ACRV is added to a line the feature is inactive until the subscriber with the feature uses the proper feature access code to activate the ACRV feature.

TO ACTIVATE ANONYMOUS CALL REJECTION VARIABLE:

1. Pick up receiver and get dial tone.
2. Press ***77**.
3. Listen for the confirmation message. It should tell you the ACRV feature has been activated.
4. Hang up receiver. Your ACRV is now activated.

If a caller that prevents the delivery of their calling number through dialing the Calling Number Delivery Blocking Code attempts a call to a subscriber that has the ACRV feature activated, will receive a recording stating that the party they are trying to call will not accept the incoming call as long as the calling number is marked private.

If subscribers of the ACRV feature also has the Call Waiting feature, incoming calls from callers that prevent the delivery of their calling number through dialing the Calling Number Delivery Blocking Code will not cause the call waiting tone to be heard while the ACRV feature is active.

TO DEACTIVATE ANONYMOUS CALL REJECTION VARIABLE:

1. Pick up receiver and get dial tone.
2. Press ***87**.
3. Listen for the confirmation message. It should tell you the ACRV feature has been deactivated.
4. Hang up the receiver. Your ACRV is now deactivated.

CALL FORWARDING

Foothills Call Forwarding feature is really four features all rolled into one! You'll get Call Forwarding, Call Forwarding No Answer, Call Forwarding On Busy and Preferred Call Forwarding.

OPERATING PROCEDURES
TO ACTIVATE CALL FORWARDING:

1. Pick up receiver and get dial tone.
2. Dial ***72**. Listen for confirmation tone.
3. Dial the telephone number where you want the calls forwarded to. Listen for confirmation tone.
4. Hang up.

Activation of the Call Forwarding feature occurs immediately regardless of the "forward-to" line status.

TO DEACTIVATE:

1. Pick up the receiver and get dial tone.
2. Dial ***73**. Listen for confirmation tone.
3. Hang up.

TO CHANGE THE CALL FORWARDING NUMBER:

1. Deactivate the existing call forwarding condition as described above.
2. Activate the call forwarding feature as described above.

WHILE CALL FORWARDING IS IN EFFECT:

1. A short ring may be heard on your telephone each time a call is forwarded to remind you that the feature is activated.
2. Outgoing calls can still be made from your telephone.
3. When the telephone to which your calls are being transferred is busy, incoming calls to your number also will receive a busy signal.

CALL FORWARDING NO ANSWER

You can have calls coming in to your phone automatically transfer to another telephone number if your line is called and you do not answer the call. The incoming call will be transferred to the number you designate after 4 rings.

OPERATING PROCEDURES TO ACTIVATE CALL FORWARDING NO ANSWER:

1. Pick up the receiver and get dial tone.
2. Dial ***92**. Listen for confirmation tone.
3. Dial the telephone number where you want the calls forwarded to. Listen for confirmation tone.
4. Hang up.

Activation of the Call Forwarding No Answer feature occurs immediately regardless of the "forward-to" line status.

TO DEACTIVATE CALL FORWARDING NO ANSWER:

1. Pick up the receiver and get dial tone.
2. Dial ***93**. Listen for confirmation tone.
3. Hang up.

TO CHANGE THE CALL FORWARDING NO ANSWER NUMBER:

1. Deactivate the existing call forwarding condition as described above.
2. Activate the call forwarding feature as described above.

CALL FORWARDING ON BUSY

You can have all calls coming into your phone automatically transfer to another telephone number if your line is called and your line is busy.

OPERATING PROCEDURES TO ACTIVATE CALL FORWARDING ON BUSY LINE:

1. Pick up receiver and get dial tone.
2. Dial ***90**. Listen for confirmation tone.
3. Dial the telephone number where you want the calls forwarded to. Listen for confirmation tone.
4. Hang up.

Activation of the Call Forwarding feature occurs immediately regardless of the "forward-to" line status.

TO DEACTIVATE CALL FORWARDING ON BUSY LINE:

1. Pick up the receiver and get dial tone.
2. Dial ***91**. Listen for confirmation tone.
3. Hang up.

PREFERRED CALL FORWARDING

Preferred Call Forwarding allows you to create a list of phone numbers that are to be forwarded when they call you. When you activate this service, and a call arrives from a phone number that is on your list, the call is forwarded. All other calls will ring your phone in the normal fashion.

WHAT PREFERRED CALL FORWARDING DOES FOR YOU:

Eliminates having to wait for important calls. Your most important calls can be forwarded to a number where they can be answered.

You can leave your home or office and still receive urgent calls.

TO USE PREFERRED CALL FORWARDING:

1. Press ***63**.
2. Listen to the voice instructions which will guide you through the steps of how to:
   - Turn Preferred Call Forwarding on or off.
   - Make changes to your Preferred Call Forwarding list.

Press	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Preferred Call Forwarding list.
3	Turn Preferred Call Forwarding on/off.
#	Add a number to your Preferred Call Forwarding list.
*****	Delete a number from your Preferred Call Forwarding list.
08	Delete all numbers from your Preferred Call Forwarding list.

3. Voice instructions will also guide you through the steps of how to enter, confirm, or change the number to which your calls will be forwarded:

Press	If you want to:
1	Confirm the "forward-to" number.
0	Change the "forward-to" number.

CALL RETURN

This feature enables you to place a call to the telephone number associated with the most recent call received whether or not the call was answered or the number is known. The feature will not work for numbers coming from exchanges not equipped with SS7 Signaling. Any long distance calls returned will be billed to your number.

WHAT CALL RETURN DOES FOR YOU:

Eliminates the aggravation of rushing to the phone when you're returning from errands or in the shower only to find that the person on the other end has hung up.

Makes it easy to return calls that would normally be missed.

TO USE CALL RETURN:

1. Press ***69**.
2. Listen for an announcement that will tell you the phone number of the party who last called you.
3. If you wish to return the call:
   - Press **1**.
   - Listen for ringing.
   - Wait for answer.
4. If you do not wish to return the call, hang up.
5. If the line is busy:
   - Listen for announcement telling you the number is busy.
   - Hang up.
   - You will hear a short-short-long ring when the line is free.
   - Your call will automatically be made when you lift the handset.

TO CANCEL CALL RETURN:

1. Press ***89** and listen for tone or announcement.

Notes:

a. There is no time limit for returning a missed call. However, you will only be able to return the last incoming call you receive.

b. If the number you are trying to reach is outside the area served by Call Return, you will hear a recording advising you that the call cannot be made.

c. After a call during which you heard a Call Waiting tone, you can use Call Return to return a call to the Call Waiting number.

CALL SCREENING

Call Screening allows you to create a list of phone numbers from which you do not wish to receive calls. Calls from phone numbers on your list are sent to an announcement that informs the caller that you are not receiving calls at this time.

WHAT CALL SCREENING DOES FOR YOU:

Allows you to block calls from people with whom you do not wish to speak.

Enhances security and privacy.

TO USE CALL SCREENING:

1. Press ***60**.
2. Listen to the voice instructions which will guide you through the steps of how to:
   - Turn Call Screening *on* or *off*.
   - Make changes to your Call Screening list.

Press	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Call Screening list.
3	Turn Call Screening on/off.
#	Add a number to your Call Screening list.
*****	Delete a number from your Call Screening list.
08	Delete all numbers from your Call Screening list.

3. After receiving an annoying call, you may wish to prevent that person from calling you in the future. Call Screening's voice instructions will explain how to add the number of the last caller to your list (even if you do not know the party's number):
   - Hang up, then lift the receiver and listen for dial tone.
   - Press ***60** and listen for instructions.
   - Press **#01#**.

Note:

If a number that is on your Call Screening list is also put on any of your other lists (for example, Priority Ringing), Call Screening will override the other services for that phone number.

CALL TRACE

Call Trace enables the customer to initiate an automatic trace of the last incoming call.

TO ACTIVATE CALL TRACE:

1. If a call is to be traced, hang up and get dial tone.
2. Dial ***57**. Listen for a recorded announcement that describes the next step below.
3. If you want to trace the call Press **1**. Listen for a recorded announcement that will tell you if the call was traced. The call will be traced if coming from a central office that is equipped to provide such service.
4. Keep a log book with dates and time of traced calls. Log date and time of call that was just traced for future use.
5. Please contact your servicing law enforcement agency and have presented to Foothills a Court Order authorizing results of traces initiated by you, along with a copy of your log book. After Foothills searches data files from information given in log book, Foothills will release results directly to the proper authorities for legal handling.
6. You will be billed $7.50 for each trace initiated by a court order. Under no circumstances will trace results be provided directly to customer.

Notes:

a. *It is important that you activate Call Trace immediately after the offending call. If you delay taking action and receive a subsequent incoming call, Call Trace will not trace the correct number.*

b. *If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original number.*

c. *Results of Call Trace that are "not" requested by Court Order are only stored for 6 months.*

CALL TRANSFER

Allows a subscriber to transfer an incoming call to another telephone number by hook flash, getting dial tone, dialing the number that call is to be transferred to and then hang up if desired. This feature requires subscriber to have three-way calling assigned to their line.

CALL WAITING

When you're on the phone, you hear a special tone signal when another party is trying to call you. You can hold – or terminate – the first call, then answer the second. You can also switch back and forth from one call to the other. Each conversation is private. Our Cancel Call Waiting service is included with our Call Waiting feature. Read below for Cancel Call Waiting Instructions.

TO ANSWER A CALL WAITING SIGNAL:

1. Depress the switchhook firmly for about half a second. The first call is put on hold and you're connected with the second call.
2. To resume your original conversation, depress the switchhook firmly. The second party will be placed on hold, while you're connected with the first call.
3. You can switch back and forth from party to party each time you depress the switchhook.
4. To disconnect both parties, hang up your receiver.

CANCEL CALL WAITING

Cancel Call Waiting allows you to cancel Call Waiting before or during one telephone call.

WHAT CANCEL CALL WAITING DOES FOR YOU:

Prevents Call Waiting interruptions on important calls and long distance.

Prevents data transmission errors caused by Call Waiting tones when using computer modems.

TO CANCEL CALL WAITING BEFORE MAKING A CALL:

1. Dial ***70** then listen for three beeps and a steady dial tone.
2. Dial desired telephone number.

TO CANCEL CALL WAITING DURING A CALL (THREE-WAY CALLING FEATURE IS REQUIRED):

1. Depress switchhook, then listen for three beeps and a steady dial tone.
2. Dial ***70** then listen for three beeps.
3. Wait for automatic reconnection to existing call.

Note:

When Cancel Call Waiting is activated, callers will hear a busy signal.

CALLER ID PREMIUM

Foothills Caller ID Premium feature is all of our Caller ID features wrapped up in one robust bundle. Within this bundle, you'll get Caller ID, Caller ID Name and Number, Caller ID On Call Waiting, Caller ID Blocking, and we've thrown in Anonymous Call Rejection to boot!

CALLER ID

Caller ID enables you to see the telephone number of the calling party before answering a call. You will also have a record of calls received while you were away. The caller's number is displayed on a special display typically located on the telephone.

CALLER ID NAME AND NUMBER

Caller ID Name and Number displays the name and ten digit telephone number associated with an incoming call as well as the date and time on the telephone set after the first ringing cycle. The first fifteen characters of the caller's name will be displayed, beginning with the last name. Name/Number display allows the subscriber to answer the call with a personalized greeting because you know who's calling. With this service, the subscriber has more specific information upon which to base the decision to answer or not.

Our Anonymous Call Rejection service is included with our CNAM feature. Read about Anonymous Call Rejection on page 12.

CNAM requires a telephone capable of displaying an alphanumeric set of characters.

CALLING ID ON CALL WAITING

Caller ID On Call Waiting provides the capability of delivering caller identity information (name and/or number) via Customer Premises Equipment (CPE) on an incoming call waiting call. The calling party hears audible ringing and the CIDCW subscriber hears call waiting alerting tones for this new incoming call.

Once the subscriber has received the calling identity information, the subscriber can decide whether to ignore the waiting call, interrupt the current call and hookflash to answer the waiting call, or end the current call in order to be connected to the new caller. With CIDCW, the subscriber is able to make an informed decision as to which of these options to take.

If the CIDCW subscriber already has a call in the waiting or held state, CIDCW treatment will not apply to any subsequent calls. Those calls will receive a busy signal and the CIDCW subscriber will not be alerted.

CALLER ID BLOCKING

In some occasions, for security reasons and protection of your privacy, you may not wish to have your phone number disclosed to the person you are calling. On such calls you can use Caller ID Blocking. There is no charge for Caller ID Blocking.

Caller ID Blocking may not work from telephones associated with PBX systems.

TO USE CALLER ID BLOCKING:

1. Press ***67**.
2. Listen for dial tone.
3. Make your call, for this call your telephone number will not be made available to the person you are calling.

If you dial a 1-800 number, the telephone number that you are calling from will be revealed to the called party since 1-800 numbers are toll free numbers and are paid for by the 800 service provider. Your calling number will be revealed to the 800 service provider even if you dial ***67**.

Remember, for each call that you don't want your phone number revealed, you must follow the above procedure.

SPEED CALLING

You can reach any of 30 frequently called numbers (depending on your service subscription) by dialing fewer digits. Speed Calling permits you to call pre-selected, frequently used telephone numbers by dialing fewer digits.

TO ADD OR CHANGE A SPEED CALL CODE NUMBER 2 DIGIT (30 CODE) SPEED CALLING:

1. Pick up receiver and get dial tone.
2. Dial ***75**. Listen for confirmation tone.
3. Dial the two-digit number code assigned (20 through 49) to be added or changed.
4. Next, dial the local or complete long distance number you want assigned to that code number.
5. Listen for confirmation tone indicating the new code and telephone number combination have been recorded.
6. Hang up the receiver.

TO PLACE A SPEED CALL:

1. Check your Speed Calling Directory for the correct code.
2. Dial ***75**. Listen for confirmation tone.
3. Dial the two-digit number code assigned (20 through 49).

Press the **#** key on the dial pad or wait a few seconds to indicate end of the dialing sequence.

FIND ME SERVICE

With Find Me Service, you'll never miss another important call. Use Find Me Service to integrate your home, office and wireless phones so your callers can reach you no matter where you are. A call to your home can ring your wireless phone, your office phone and your lake cabin - all at the same time or in an order that you choose. Your callers will thank you for it!

FIND ME SERVICE INSTRUCTIONS:

Call rules can be managed using the internet or by calling our office where a customer service representative can set them up for you.

MANAGING THROUGH THE INTERNET:

- Log on to myphone.foothills.net
- You will be prompted to enter your Number and Password. Your Number is your phone number and your Password is the same as your PIN. If you do not have a PIN, please contact Foothills Customer Service and request a PIN change.
- Click the "Follow Me" link in the Settings section of the page.
- From here you can add and remove rules that affect the operation of your Find Me Service.

PRIORITY RINGING

Priority Ringing allows you to program your telephone line to ring with a special ringing pattern whenever you are called from a select list of phone numbers. Your phone will ring with a normal ringing pattern for all other calling numbers. If you also have Call Waiting, you will hear a distinctive Call Waiting tone whenever someone on your list calls you while you are on the phone.

WHAT PRIORITY RINGING DOES FOR YOU:
Allows you to identify special and important calls.

Helps you determine who's calling.

TO USE PRIORITY RINGING:
1. Press ***61**.
2. Listen to the voice instructions which will guide you through the steps of how to:
   - Turn Priority Ringing on or off.
   - Make changes to your Priority Ringing list.

Press	If you want to:
0	Repeat the instructions.
1	Review the numbers on your Priority Ringing list.
3	Turn Priority Ringing on/off.
#	Add a number to your Priority Ringing list.
*****	Delete a number from your Priority Ringing list.
08	Delete all numbers from your Priority Ringing list.

WHEN PRIORITY RINGING IS TURNED ON:
Listen to the ringing pattern or Call Waiting tones:
- When called from any number on your list; A *short-long-short* ringing pattern or tone.
- When called from any other numbers; *Normal ringing* or Call Waiting tones.

REPEAT DIALING

Repeat Dialing allows you to automatically redial the last number dialed. This feature will not work for exchanges of telephone companies not equipped with SS7 signaling.

TO ACTIVATE REPEAT DIALING:
1. Pick up receiver and get dial tone.
2. Dial ***66**. If last line dialed is not busy, the call will be placed.

If last line dialed is busy, a busy signal will be heard. Get dial tone by pressing switchhook and then dial ***66**. You will hear a confirmation beep indicating that repeat dialing has been activated. Unless cancelled, the called line will be checked for the next 30 minutes for busy condition. If it becomes idle, you will be notified by a distinctive ring. When you pick up, the call will be placed.

TO CANCEL REPEAT DIALING:
1. Dial ***86**.

SPECIAL CALL ACCEPTANCE

Special Call Acceptance allows you to screen incoming calls by creating a list of phone numbers from which you are willing to accept calls. Calls from phone numbers not contained on your list are sent to an announcement that informs the caller that you are not receiving calls at this time.

WHAT SPECIAL CALL ACCEPTANCE DOES FOR YOU:
Enhances security and privacy by allowing only the most important calls to reach you.

Prevents unwanted interruptions, particularly solicitation calls.

TO USE SPECIAL CALL ACCEPTANCE:
1. Press ***64**.
2. Listen to the voice instructions which will guide you through the steps of how to:
   - Turn Special Call Acceptance *on* or *off*.
   - Make changes to your Special Call Acceptance list.

Press	If you want to:
0	Repeat the instructions.
1	Call Acceptance list.
3	Turn Special Call Acceptance on/off.
#	Add a number to your Special Call Acceptance list.
*****	Delete a number from your Special Call Acceptance list.
08	Delete all numbers from your Special Call Acceptance list.

THREE-WAY CALLING

You can add a third party to your telephone conversation. Both parties may be at long distance points, if you wish.

TO ADD A THIRD PARTY TO YOUR CONVERSATION:

1. Depress the switchhook firmly for about a half a second. The party with whom you are talking will be placed on hold.
2. You will hear a second dial tone. Then dial the phone number of the person you wish to add to the conversation.
3. When the third person answers, you can talk privately. To establish three-way conversation, depress the switchhook.

TO REMOVE THE THIRD PARTY:
(Whether or not the third party answered, did not answer, or was busy.)

1. Depress the switchhook firmly.
2. Your original connection is restored. If desired, you can add a new third party as described above.

WAKE UP PLUS

Everyone knows you can get Wake Up Calls at hotels, but wouldn't it be great to have that same service at your home? Well, now you can with Wake Up Plus from Foothills! Wake Up Plus lets you set up a one-time wake up call or recurring wake up calls. You don't have to limit Wake Up Plus to just waking you up in the morning; you can set reminder calls for any time of the day.

WAKE UP PLUS INSTRUCTIONS:

- Dial ***55** from your home phone.
- Log-in using your PIN. If you don't have a PIN, you will be asked to set one up.
- Press **5** to access the reminders menu.
- Press **2** to add a new reminder.
- Record your reminder message and press **#**.
- Press **1** to save your message.
- You will now need to select the frequency of your reminder:
  - If this is a one-time reminder, press **1**.
  - If this is a recurring weekday reminder, press **2**.
  - If this is a recurring everyday reminder, press **3**.

NOTE:
If this is a one-time reminder, you will need to specify month and day

- Enter the 2-digit month for the reminder then press **#**.
- Enter the 2-digit day for the reminder then press **#**.
- Enter the 2-digit hour for the reminder then press **#**.
- Enter the 2-digit minute for the reminder then press **#**.
- Enter **1** for AM or **2** for PM.
- Press **1** to save reminder.

VOICEMAIL INSTRUCTIONS

When you have voicemail with Foothills, it's like having your own personal assistant. No need to worry about missed calls while you're away from home or talking on the phone; let Foothills voicemail take your calls for you. Voicemail instructions for initial setup and normal usage are listed here. You can also find these instructions on our website at www.foothills.net.

VOICEMAIL USER GUIDE

Initial setup:

The first time you log-in to your mailbox, you will be asked to configure it. This first-time sign-in involves three steps:

Step 1 (change your PIN):

1. Dial ***55** from your own phone. (If away from home, dial 1-888-735-3782.)
2. A prompt asks you to enter a new PIN, your PIN must be between 4 and 20 digits long.
3. Enter a new PIN, pressing **#** when finished.
4. Confirm the new PIN by re-entering it and pressing **#** when finished.

Step 2 (record your name):

1. Next, you are prompted to record your name. This is used by the Voicemail System for some system-generated announcements. Your recording should be less than ten seconds long. If it is too long, you will be asked to re-record a shorter version.
2. Record your name and press **#** when finished.
3. An announcement plays your recording back to you.
4. If you want to re-record it, press **1**.
5. If you want to keep it, press **#**.

Step 3 (choose a greeting):

- Once you have successfully recorded your name, you are prompted to select a greeting. You can use a number of different types of greetings.
- To record your own personal greeting, press **1**. Then record your personal greeting, pressing **#** when finished.
- To use a system-generated greeting that announces your recorded name, press **2**.
- To use a system-generated greeting that reads out your phone number, press **3**.
- To use a system-generated greeting that neither announces your name nor reads out your phone number, press **4**.
- An announcement plays back your selected greeting.
- To record or select a different greeting, press **1**.
- To save it and use it as your greeting, press **#**.

NORMAL USAGE:

- Call the voicemail system by dialing one of these Voicemail Access Numbers:
  - From your own phone, dial ***55**
  - From another phone, dial one of these locals numbers:
    - Johnson County: 297-8624
    - Lawrence County: 673-8624
    - Magoffin County: 349-8624
- Use the voice prompts and the quick reference map on the next page to navigate the voicemail menu.

TOLL CONTROL WITH PIN (TCWP)

Do you ever wish you could keep watch over your phone 24/7 so you could put a stop to those surprise long distance phone bills? Let Toll Control With PIN do that for you! Toll Control With PIN gives you the ability to stop long distance calls from being dialed from your phone without the use of a PIN number.

TO PLACE A CALL USING TOLL CONTROL WITH PIN

1. Pick up the receiver and get dial tone
2. Dial your long distance toll call according to your long distance plan and instructions
3. Wait and listen for second dial tone
4. After receiving second dial tone, dial your PIN number (1-4 digits)
5. If your PIN was entered correctly, the call will complete.

TO ENTER OR CHANGE PIN NUMBER

PIN numbers for use with Toll Control With PIN are set up and changed by a Foothills Customer Service Representative. If you need to change your PIN, please contact Foothills Customer Service.

GENERAL INFORMATION

BILLS AND PAYMENTS

Bills are generated in 4 different cycles each month. As a rule of thumb, but not exclusively, the chart below shows when customers' bills are generated.

CYCLE	BILLED ON	DUE ON	FOR CUSTOMERS IN
1	1st	15th	Magoffin County (Royalton and Salyersville)
2	10th	25th	Johnson County (Flat Gap and Staffordsville)
3	20th	5th	Lawrence County (Blaine, Chapman, Fallsburg and Willard)
4	1st	15th	CLEC (Paintsville, Louisa, Hitchins, Willard and Prichard, WV)

If your due date falls on a holiday when our office is closed, the day following the holiday when our office is open will be the due date.

Bills are rendered for services in advance for a one month period from the date of the bill, and long distance calls are billed for the month preceding the date of the bill. Bills may be paid in person at our office in Staffordsville, by mail, or online at www.foothills.net. A night depository for after-hours use is located near our drive-thru window. Bills not paid by the due date are subject to disconnection.

Customers are responsible for all long distance calls originating from or made collect to their telephone, regardless of who places or talks on the phone.

E-ACCOUNT SERVICES

With Foothills' E-Account services, you can pay your bill online with a credit card (Visa, Mastercard, and Discover are currently available), or you can use our Auto Bill Pay option. With Auto Bill Pay, your payment can be deducted from your checking or savings account automatically each month...no more checks to write or payments to mail!

E-Account also gives you access to your account 24 hours a day, 7 days a week. You can view your bill on-line, view your payment history, and order calling features and premium channels. You can also enroll in our E-bill service to receive your bill online, instead of receiving your bill through the mail.

To set up your new E-account with Foothills, visit our website at www.foothills.net. Click on the My Account / Pay My Bill link then click Register here and follow the set up instructions. It's quick. It's easy. Now that's convenience!

GENERAL INFORMATION

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are on file with the regulatory Commissions having jurisdiction over such matters, and are available for public inspection at our business office.

INCORRECT DIRECTORY LISTINGS

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in the Directory Assistance records.

UNRESOLVED COMPLAINTS

Telephone Companies:
If you are not satisfied with the way a Foothills employee handles your service or billing complaint, make sure that you discuss it with a supervisor or manager. If your complaint is still not satisfactorily resolved, you may call the Kentucky Public Service Commissioner's UTILITY CUSTOMER INQUIRY NUMBER toll free, 1+800+772-4636.

Other Utilities:
Unresolved complaints concerning electric, gas, water and sewage companies also can be referred to the Kentucky Public Service Commissioner's UTILITY CUSTOMER INQUIRY NUMBER toll free, 1+800+772-4636.

The Public Service Commission does not regulate municipal utilities, the Tennessee Valley Authority or cable television companies.

NON-DISCRIMINATION STATEMENT

Foothills Rural Telephone Cooperative Corp., Inc. is an equal opportunity provider and employer.

If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filinging_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.

CUSTOMER BILL OF RIGHTS

As a residential customer of a regulated public utility in Kentucky, you are guaranteed the following rights subject to Kentucky Revised Statutes and the provisions of the Kentucky Public Service Commission Administrative Regulations:

- You have the right to service provided you (or a member of your household whose debt was accumulated at your address) are not indebted to the utility.
- You have the right to inspect and review the utility's rates and tariffed operating procedures during the utility's normal office hours.
- You have the right to be present at any routine utility inspection of your service conditions.
- You must be provided a separate, distinct disconnect notice alerting you to a possible disconnection of your service if payment is not received.
- You have the right to dispute the reasons for any announced termination of your service.
- You have the right to negotiate a partial payment plan when your service is threatened by disconnection for non-payment.
- You have the right to maintain your utility service for up to thirty (30) days upon presentation of a medical certificate issued by a health official.
- You have the right to prompt (within 24 hours) restoration of your service when the cause for discontinuance of the service has been corrected.
- You have the right to contact the Public Service Commission regarding any dispute that you may have been unable to resolve with your utility (call toll free 1-800-772-4636).

The Customer Bill of Rights is referenced in 807 KAR 5:006 Section 13

AFFORDABLE CONNECTIVITY PROGRAM

Affordable Connectivity Program is a FCC program to help households struggling to pay for internet service. This benefit will help families with challenges such as working from home, distance learning, telehealth services, or simply connecting digitally with loved ones. NOTICE

STATEMENT OF BILLING ERROR RIGHTS

This statement sets out your billing error rights with respect to telephone-billed purchases made using interstate 900 pay-per-call services that are billed to you through Foothills Communications.

The rights and obligations of you, the customer, and of Foothills Communications and AT&T, MCI, U.S. Sprint, Telecom USA, who are billing entities, set out here, are provided under the Federal Telephone Disclosure and Dispute Resolution Act.

This is the procedure that you must follow to notify Foothills Communications of a billing error and the steps that we or your Long Distance Company must take in response to your notice:

You may provide notice of a billing error to Foothills Communications by telephone or in writing. If you write, you should:

(1) give us your name or the customer's name, and telephone number to which the charge was billed;

(2) tell us the date and amount of the error, and the type of error you believe occurred; and

(3) tell us why you believe it was an error.

You should contact Foothills Communications first, since we have an agreement to receive billing error notifications from customers. You may provide a notice to your Long Distance Company instead, and it may ask you to contact us directly, and provide to you our name, mailing address, and business telephone number, even if it also sends your billing error notice to us.

A customer who orally communicates an allegation of a billing error is presumed to have provided sufficient notice to initiate a billing review.

You have the right to withhold payment of any disputed amount pending completion of our billing review, and any action to collect any disputed amount will be suspended pending completion of the billing review.

If it is determined that no billing error occurred, your rights and obligations are as follows:

We will transmit to you an explanation setting forth the reasons why it has been determined that there was no error. If there was an error - even a partial error or an error different than what you asserted - your account will be adjusted appropriately. If you request, we will provide a written explanation and copies of any documentary evidence of the customer indebtedness.

This action will be taken within two billing cycles (two months) after your notice is received. If you send your notice to your Long Distance Company, instead of Foothills, there may be an additional time of up to fifteen days to complete the necessary responsive action.

Your Long Distance Company will notify the provider of the service of the disposition of the billing error investigation and the reasons for that disposition.

Foothills Communications will notify you in writing, normally with your billing statement, of the time when payment is due of that portion of the disputed amount that is determined not to be in error. Payment must be made in the normal course of billing or as otherwise provided, but not less than ten days after the request for payment is made.

Once Foothills Communications and your Long Distance Company have complied with FTC rule § 308.7 (d) regarding a claim you make of a billing error, there is no further responsibility under that section if you continue to make substantially the same allegation.

You cannot be charged for a billing review.

The provider of the 900 service, your Long Distance Company, or Foothills Communications may take action to collect the sum outstanding that is determined not to be the result of a billing error if you continue to withhold payment of the disputed amount once the billing review is completed.

NOTICE

STATEMENT OF BILLING ERROR RIGHTS
continued

Failure to pay the amount determined not to have been the result of a billing error may be reported to a credit reporting agency or subject you to a collection action. If you continue to dispute any portion of your billing error claim, the fact your account is delinquent will be reported only if we also report that the amount that remains is in dispute, the amount, and tell you to whom we have made such a report. If the dispute is subsequently resolved, that fact will be reported to all who received the initial report that the account was delinquent.

If either we, as your billing entity, or your Long Distance Company, as a billing entity, fails to follow the billing and collection procedures prescribed in § 308.7 of the Federal Trade Commission rule implementing the Federal Telephone Disclosure and Dispute Resolution Act, we are obligated to forfeit any disputed amount, up to $50 per transaction.

DISCLOSURE UNDER FCC RULE § 64.1509 (b)

The FCC also requires disclosures to telephone subscribers, which are as follows:

Your local exchange and long distance service cannot be disconnected or interrupted as a result of your failure to pay charges for pay-per-call service, charges for interstate information services provided pursuant to a presubscription or comparable arrangement, or charges you have disputed for interstate tariffed collect information services.

You can obtain blocking of access to services offered on the 900 service access code where it is technically feasible, at no charge and on a one-time basis before January 1, 1994 or within 60 days after you subscribe to a new number and it becomes effective. Other requests for blocking, and requests for unblocking will be subject to a reasonable one time fee. Our tariffs include the terms and conditions that apply.

You have a right not to be billed for pay-per-call services not offered in compliance with Federal laws and regulations established under Titles II or III of the Telephone Disclosure and Dispute Resolution Act.

Your access to 900 services may be involuntarily blocked for failure to pay legitimate pay-per-call charges.

HOW TO DIAL MOST INTERNATIONAL CALLS

DIALING INSTRUCTIONS

International calling is more convenient today than ever before. Calls can now be dialed to many overseas countries by customers throughout the United States. The following instructions are for placing international calls.

STATION-TO-STATION CALLS

To dial international calls, dial in sequence:

1. The International Access Code — 011.
2. The Country Code — a two- or three-digit number.
3. The City Routing Code — a one- to five-digit number.
4. The local telephone number.
5. The "#" button — where telephone is equipped with Touch-Tone dialing.

FOR EXAMPLE:

To place a call to Paris, France, to telephone number 123456, you would dial:

International Access Code		International Access Code		International Access Code
011	+	33	+	1
	+	123456	+	#
		Local Number		Button if Touch-Tone Dialing*

*Touch-Tone dialing saves additional time by using this step.

Dial the International Access Code (011 or 01) without pausing between digits. If you hesitate 3 seconds or more after dialing "0", you'll get your local operator.

Signals (ringing, number busy, etc.) in other countries often differ from those in the United States.

OPERATOR-ASSISTED CALLS

To dial person-to-person, collect,* calling card and billed to a third number international calls, follow the instructions given above. After the call is dialed, the Operator will come on the line to ask for information such as the name of the person you are calling or your calling card number.

After dialing any international call, allow at least 45 seconds for the ring to start.

For rates on calls to other international points, call the Operator.

ADDITIONAL ASSISTANCE OR INFORMATION

Dial "0" (Operator) if you need assistance:

1. To obtain a telephone number you don't know.
2. To obtain City Routing Codes not listed in this section.
3. For help in completing a call.
4. For credit on a call on which you had difficulty, e.g., reached a wrong number.

*Certain Countries will not accept collect calls.

*Dialing pattern may be different according to your location.

Use local ZIP Codes.
They're right in your phone book.

Letters going across town need ZIP Codes as much as letters going across country.

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

RETHINK "STRANGER DANGER"

- ***DON'T SAY:*** **Never talk to strangers.**
- ***SAY:*** **You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.**
- ***DON'T SAY:*** **Stay away from people you don't know.**
- ***SAY:*** **It's important to get my permission before going anywhere with anyone.**
- ***DON'T SAY:*** **You can tell someone is bad just by looking at them.**
- ***SAY:*** **Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.**

If your child is missing, contact your local law-enforcement agency immediately. Then make a report to the National Center for Missing & Exploited Children® at:

1-800-THE-LOST® (1-800-843-5678).

CHILD
Identification Page

The Child Identification Page is being provided as a community service. This identification form is to aid parents in compiling important information about their children. This information can be very important and should be kept in a safe place. If your child is missing, take this information to your local law enforcement agency.

INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

Basic guidelines to share with your kids for safe online use:

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

Basic guidelines for parental supervision:

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

Call the National Center for Missing and Exploited Children at (800) 843-5678 if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

Bandages & Gauzes

Sterile Gauze
Adhesive Tape
Adhesive Bandages
Elastic Bandage
Antiseptic Wipes
Soap

Medicines

Triple-Antibiotic Cream
Antiseptic Solution H_2O_2
Hydrocortisone Cream (1%)
Anti-Inflammatory
Pain Killers
Calamine Lotion

Medical Equipment

Tweezers
Sharp Scissors
Safety Pins
Instant Cold Packs
Alcohol Wipes
Thermometer
Plastic Gloves

Additional Items: Flashlight with extra batteries, a list of emergency numbers

AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.
